

**Micro
Cutting**

Abrasive media for mass finishing

Micro-Ball media FS

It finishes every detail
of complex shapes

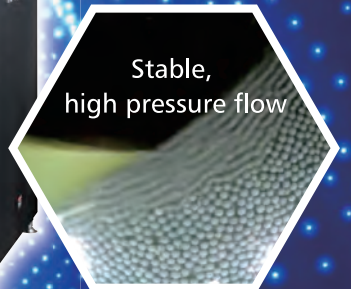

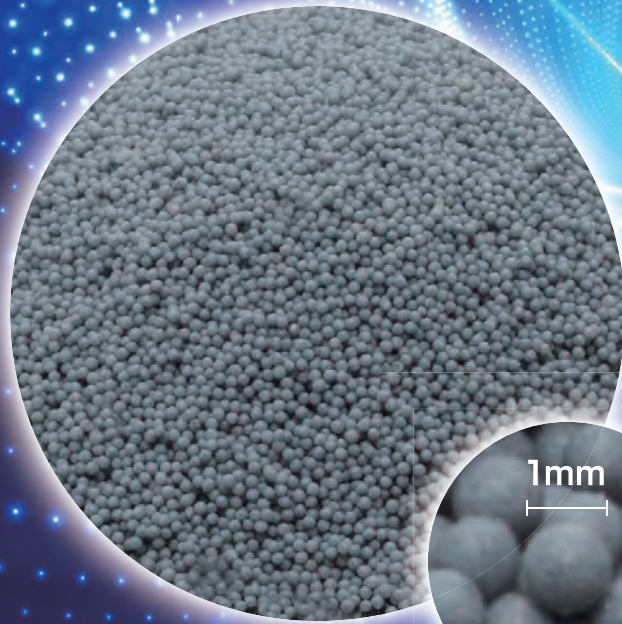

Its centrifugal force enhances
the micro-media's grinding power

**Micro Ball
Media**

**High-Grav.
Barrel Finishing
Machine**

Mighty-Mild®

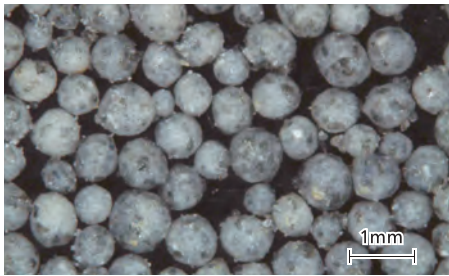

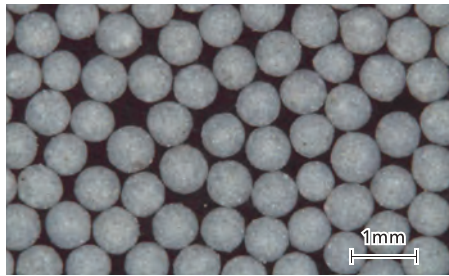

**Fast and Delicate Surface Finishing for Complex,
Concave Areas and Tiny Shapes.**

**A new revolution in surface finishing
for complex parts**

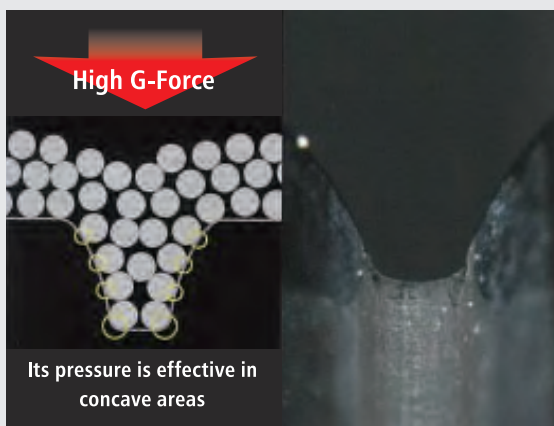

Micro-Ball media for mass finishing FS

Benefit

	Previous media	FS-0.7
50x Magnification		
Grinding power (Index=100%)	100%	120%

**Our original technology maximizes its grinding power.
Its sharp particle distribution improves the media's grinding power on surfaces.**

Results of using FS in our Mighty Mild

The G-Force delicately pushes the media into narrow spaces such as gaps and slits.

Combining G-Force and the media's grinding power makes faster processing times.

Specialties

Electronics

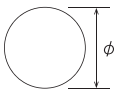

Electrical & Optical components

Machinery/Precision components

Miniature bearing

Hobby/General goods

Fishing gear/Watch parts

Specifications					
Shape	Item name	Application	Item number	Size(φmm)	Package
	FS	Micro cutting	1	0.8 ~ 1.2	10kg/Package
			0.7	0.5 ~ 0.9
